To our customers:

We have found it is not practical to itemize the many miscellaneous supplies and materials used on each repair job. To do so would considerably add to our costs and labor charges. A standard charge for Shop Supplies is made on each repair order. There may be an additional Environmental Fee for Hazardous waste removal, when applicable.

This charge represents costs and profits to the motor repair facility for miscellaneous shop supplies or waste disposal.[s.559.904(4)]

The state of Florida requires a \$1.00 fee to be collected for each new tire sold in the state.[s.403.718], and a \$1.50 fee to be collected for each new and remanufactured battery sold in the state[s.403.7185]

We are not responsible for theft, damage or vandalism. Remove any valuables.
